

Disease Reporting

Reportable Diseases- Health Care Providers

Last Revised: 04/17/2001

New Hampshire Reportable Diseases - Health Care Providers

Reporting of the following communicable diseases is required by New Hampshire law (RSA 141-C). Those diseases with an (*) should be reported within 24 hours of diagnosis, all others should be reported within 72 hours of diagnosis. We request prompt reporting of the following: 1) gastrointestinal illness in a food handler, day care worker, or direct health care worker, and 2) suspect outbreaks of any illness.
